

Licensed Lead Activity Firms

August 1, 2008

The companies or individuals listed below are currently licensed to perform lead-based paint activities in the State of Kansas. Some companies will only perform selected activities while other may engage in all lead activities: if you have questions about which activities a company may perform please contact the firm directly or email your inquiry to: lead@kdhe.state.ks.us

Guide to lead activities as presented in this table:

Abatement = licensed to perform lead abatement activities.
 RA = licensed to perform Risk Assessments.
 INSP = licensed to perform Lead Based Paint Inspections.
 PD = licensed to prepare lead activity Project Designs

For more detailed definitions please refer to the individual lead activity discipline directories.
